1 Completion Rate: The Completion Rate is calculated by dividing the number of students that graduated on-time by the number of students available for graduation. Under California Law, a student is considered unavailable for completion if s/he meets the following criteria: Active Military duty, Continuing Higher Education, Incarceration, or Death.

2 Placement Rate: The Placement Rate is calculated by dividing the number of graduates employed in the field by the number of graduates available for employment. Under California Law, a student is considered unavailable for employment if s/he meets the following criteria: Active Military duty, International Students on an I-20, Continuing Higher Education, Incarceration, or Death.

3 License Examination Passage Rate: The License Examination Passage Rate is calculated by dividing the number of graduates who pass the examination by the number of graduates who take the licensing examination the first time that the examination is available after completion of the educational program. The RN-BSN program is post-licensure, meaning students must have already passed the licensing exam before enrolling, thus there is no data to report.
