GENERAL INFORMATION

INTRODUCTION

Student organizations can provide many opportunities and benefits to their members. Making new friends, academic, professional, and personal growth, developing your social and leadership skills, getting involved with community service projects and broadening your academic, cultural, and social interests are just a few of the ways student organizations may enhance your educational experience.

IMPORTANCE OF REGISTERING YOUR STUDENT CLUB/ORGANIZATION

Being recognized by West Coast University as a student club/organization on campus provides the student club/organization with access to certain benefits and privileges. Contact Student Services if you are looking to join a club, start a club, or are the leader of an existing club; we will be happy to assist you.

AMENITIES AVAILABLE TO STUDENT CLUBS/ORGANIZATIONS

- Authorization to promote the club/organization and activities (in accordance with University policies and procedures).
- Ability to sponsor approved activities and/or events.
- A dedicated club/organization email address.
- Ability to reserve the use of campus facilities (bulletin boards, classrooms and meeting spaces for approved activities and events).
- Use of the University name and logo (in accordance with all University policies and procedures)
- Opportunity for sponsorship or funding for approved activities or events.
- Access to the Student Services Department for support and resources

RESPONSIBILITIES OF STUDENT ORGANIZATION

A student organization is defined as a student-led group of active (currently enrolled and attending) WCU students with a common interest, which has received university recognition. WCU recognizes the value and contribution that student organizations can make to a student's campus life and academic journey.

Good Standing/Code of conduct

All student organization members will fully comply with University policies, as well as federal, state, and local laws. The University will investigate student organizations (whether recognized or unrecognized by the University) suspected of violating University policy, or federal, state or local laws, and may render sanctions, including but not limited to suspension or termination of the organization. The student organizations may be held responsible—collectively or as individual members/representatives—for misconduct, violations or damages caused by members of the student organization. Please refer to the University handbook for more information regarding violations under the University Code of Conduct.

Use of email

Officially recognized/registered student organizations in good standing are eligible to receive an email address. Established organizations are required to renew their registration each year (following the re-registration guidelines) in order to maintain their status and email address. To request an email account and address, submit the Account Application to the Student Services Department.

Email accounts are made available as a resource to help support communication within the organization. The student organization advisor and principal members are the only authorized users of the address, and will be accountable for proper use of the account. The account will be listed as the organization's official contact email address.

All emails must be approved prior to sending to student body, student distribution groups, third parties, etc. The emails must clearly state that the email is from a student organization and not WCU. The advisor will maintain email address.

The account may NOT be used for any of the following:

- Acts that violate University policy or procedures
- Personal communication
- Solicitation

Student Events and Activities

Students and student organizations wishing to host a University-related event, whether on- or off-campus, are required to complete and submit a Campus Activities Request Form to Student Services for approval. Events may be promoted, finalized, and confirmed once the activities request has been approved; this may require approval from departments with a vested interest, even if they are not listed as requiring a signature on the form.

Events requiring approval include but are not limited to:

- Events that would impact the broader campus community for any single- or multi-day event that will use common areas of the campus, or
- Any off-campus activity where students, faculty or associates are identified as community members of WCU or acting on behalf of WCU.

Examples of events requiring approval include student organization fund raisers, organizing a group for charity events (5Ks, etc.) as well as campus driven events such as blood drives and student appreciation events.

Events which do not require prior approval include standing meetings (like CNSA Officer meetings) or campus-led events (e.g. pinning or hooding ceremonies).

Please contact the Student Services Department for a copy of the Activities Request form or if you would like assistance requesting an event.

Use of Facilities

Student organizations officially recognized/registered with the Student Services Department at their WCU campus and in good standing may reserve campus space and hold events/activities by following the University Activities Request process.

- Student organizations reserving space are accountable for their guests' and members' behavior, and must abide by all University policies and procedures.
- Consumption of alcohol is not permitted on University campuses. For information regarding the University Drug and Alcohol policy, please refer to the University handbook.
- The University is not responsible for lost, stolen or damaged items.
- The student organization is responsible for damages that occur while hosting its event/activity.
- Student organizations may only request use of University facilities for their own events/activities.
- Student organizations are responsible for set up and cleanup of their events/activities.

Failure to abide by any of the rules and/or responsibilities may result in suspension of the organization and/or the loss of the ability to host future events/activities.

Participation in At Least One Community Service/ Campus Activity Annually

Student organizations have a unique opportunity to make a positive impact to others outside of the classroom, within the WCU community and the surrounding community. Working with others and inspiring others to get involved can be just as rewarding for the members of the student organizations as those who participate in the events. WCU requires all student organizations to help enrich campus life by contributing annually in at least one of a few ways:

- Enrichment through service (e.g., hosting/sponsoring food drives, blood drives, school supply drive, a walk for local charity/event within the community)
- Hosting an event on campus (e.g., bake sale)
- Partner with a department on campus to promote an event/activity (e.g., volunteer fair, "love what you do month activities")

Club Fair

During the Fall 1 and Spring 1 terms, the campus will host a Club Fair. Your club will be required to set up a booth and include club information to encourage students to join and participate in your club.

Submit Annual Update Form

All student organizations must renew their registration each year through the Annual Update Form. University authorization of student organization lasts for one (1) year. The deadline to renew a student organization is November 15th of each year.

Attend Mandatory Annual Meeting with Director of Student Affairs or designee

To ensure support and resources are available in the planning of future events and activities, a representative from each student organization will need to meet with the campus Director of Student Affairs or their designee each year as part of the annual renewal process.

HOW TO GET STARTED

1. Conduct a needs assessment

- Determine the purpose of your student organization. What is the mission of your student organization?
- Who is interested in joining this type of student organization? A student organization must have a minimum of 4 students in order to be recognized as a student organization.
- Are there any other student organizations on campus with a similar interest?
- Would the student organization be affiliated with a national or professional organization outside of campus?

2. Meet with Student Services Department

During an initial meeting with the campus Director of Student Affairs (or their designee), you will be able to review the purpose of your student organization and the steps to register and be recognized as a new student organization, as well as answer any questions you may have.

3. Identify an Advisor

Each student organization must have a full-time faculty or staff member as their advisor. Once you identify an advisor, the advisor will need to complete the advisor agreement form that will be submitted with the student organization registration form.

Be prepared to let the advisor know how much time will be involved, and what your organization/club would like to see from their advisor.

4. Create Constitution and By-Laws

The Constitution and By-laws will be the official statement of purpose and the rules of operation for your student organization. These will also serve as a guide for future leaders of the organization and how the group will make decisions and operate.

5. Register

Each student organization will need to complete and submit the registration form and all supporting documents.

FAQ's

Tax ID

Student organizations are not able to use the University's tax ID number. This also means that student organizations are not able to accept charitable donations, such as food or percentages of a restaurant profit. However, if your student organization is affiliated with an outside organization (such as a student professional association), that organization may be able to receive tax deductible donations on behalf of your organization or may allow you to use their tax ID.

Fundraising

All fundraising activities must be approved (see student activities and events) and should benefit the whole student organization or charitable cause. Monies raised must not be for a specific individual(s).

- **Selling Food** may be approved as long as the items are prepackaged/individually wrapped, and **NOT** home-prepared items.

WCU Name and Logo

Student organizations may use WCU's name and logo with proper approval. Please contact the Student Services Department to obtain a copy of the Campus Activities Request Form required to gain approval.

Posting/Advertising

Authorization to post or advertise your student organization and/or event may be granted by submitting a completed Campus Activities Request Form that is available from the office of Student Affairs.

Contracts

Under no circumstance is a representative of any student organization able to sign contracts with outside vendors, facilities or organizations/businesses or represent themselves as officials of the University.

Membership Requirements

Student organizations may not discriminate on the basis of race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or status, marital, parental, familial, veteran, or military service status, political affiliation, age, or disability.
