## MIAMI

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must publish information regarding graduation rates, retention rates, and student diversity as defined by the National Center for Education Statistics (NCES).

The graduation rate cohort consists of full-time, first-time (FTFT) degree/certificate-seeking undergraduate students and tracks their completion status at 150% of the normal time to complete their program.

### Retention Rates

Retention rate is a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. The table shown below is the percentage of FTFT undergraduate degree-seeking students from the previous fall who were still enrolled in the next fall.
